

Constructing Infinity

A workshop

San Francisco
August 8 & 15, 2026

What is infinity?

Can we count it, see it, touch it?

Explore the mathematics of infinity through hands-on activities and mind-bendy exercises.

Leave with your own handmade model of infinite space.

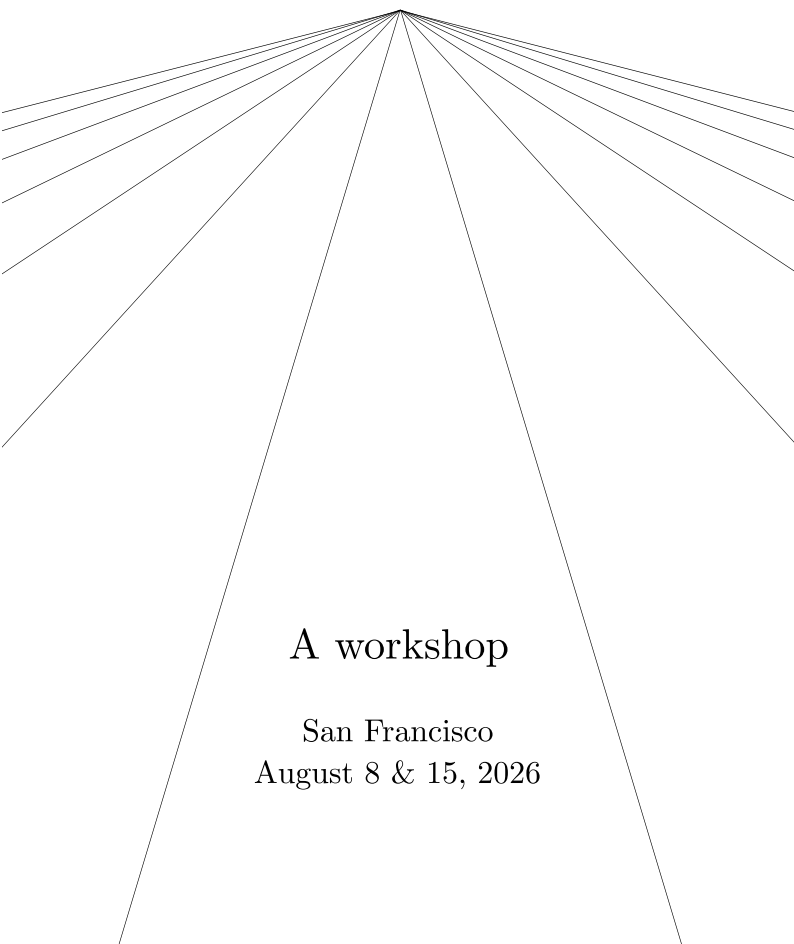

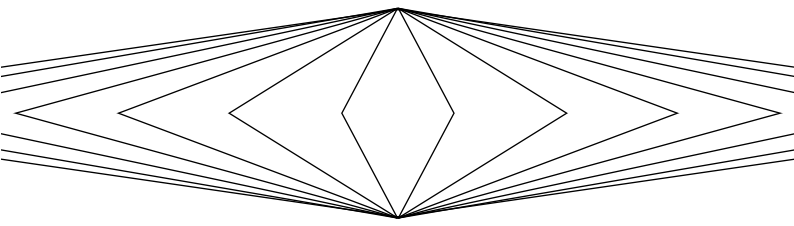

*Designed for kids and adults.
No math background expected.*

August 8 & 15, 2-4pm

4291 24th st.

\$50
